

Workforce Management

DAMSTRA
CONNECT + PROTECT YOUR WORLD

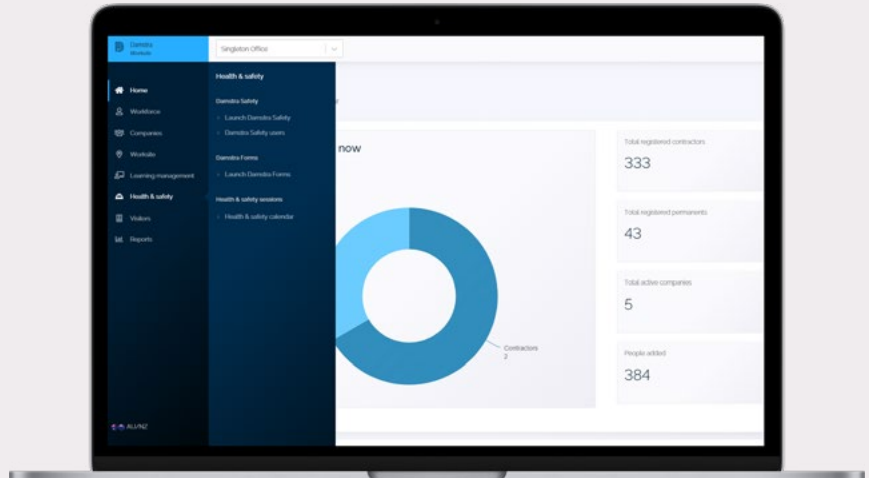

Streamlined worker information bolsters productivity and keeps the business running smoothly.

Damstra's Workforce Management makes work life easier across the organisation with real-time portal access to vital employee and contractor information anytime, anywhere.

Connect + Protect Your World

Automate vital work processes and eliminate rework using Workforce Management. Decisionmakers build sustainable efficiencies with online access to reports, notifications, training, inductions, and compliance requirements. Workforce Management ensures workers are approved and compliant with the right skills, experience, and training for the jobsite in real time.

CONNECTED ASSETS

ACCESSIBLE INFORMATION

Automate and enhance the worker experience with fully integrated Workforce Management

- ✓ Manage vital work processes
- ✓ Get workers on the job fast and easily
- ✓ Improve worker engagement and teamwork
- ✓ Increase workplace safety
- ✓ Match skill competencies with job requirements
- ✓ Maintain workplace compliance requirements
- ✓ Integrate with existing technology investments

Workforce Management

Workforce Management Modules

Solo

Protect, connect, and inform teams and workers, while creating a safer work environment.

- ✓ Lone worker safety
- ✓ Solo Drive
- ✓ Biometrics
- ✓ Fall detection

Online Supplier Registration

Contracting companies can register online and upload all the information and documentation required to verify and approve a supplier.

- ✓ Business registration numbers
- ✓ Registered and trading names
- ✓ Physical and postal address
- ✓ Contact person
- ✓ Insurance documentation
- ✓ Licenses

Online Worker Registration

Workers and contractors upload all the information and documentation required to verify and approve a worker.

- ✓ Passport
- ✓ Driver's license
- ✓ COVID vaccination records
- ✓ Certifications and training
- ✓ Photos

Independent Documentation Verification

Damstra independently verifies all documents and certifications of companies, suppliers, and workers to ensure skills and competency requirements are met.

- ✓ Passport validity
- ✓ Expiry dates of driver's licenses
- ✓ Photo IDs
- ✓ Expiry dates of qualifications
- ✓ Insurance details

Online Induction Management

Get the right workers on the job faster.

- ✓ Offer training courses for employees and contractors
- ✓ Customise inductions to site requirements—online, face-to-face, or a combination of both

Time and Attendance Onsite

Once all requirements have been met, Damstra will issue site access cards allowing only compliant workers on the access site.

- ✓ Search in real time for who is onsite
- ✓ Check for workers with specific skills
- ✓ Audit for skills that may expire in the next 30, 60 or 90 days
- ✓ Make faster searches with QR code reader
